ART AND CRAFT

The 'teaching course' impart more importance for Arts and Craft, because here only we are training our students (student – teachers) to teach the content or every concept with the teaching aids, models, simulation, experiments, etc., Hence, we are providing a separate class for training in the production of arts and craft periodically.

ARIOUS ACTIVITIES Students donate stationary items and food materials for AIDS affected children's in the home of

EXTENSION ACTIVITIES & CONSULTANCY SERVICES

Our students were participated in various extension works like architecture work in different areas.

RALLY FOR CLEAN INDIA DISTRICT

Our students teachers were participated for the rally an awareness programme for CLEAN INDIA

The objectives of the programme

- Elimination of open defecation

- Eradication of manual scavenging
- 100% collection and scientific processing/disposal/reuse/recycling of municipal solid waste
- A behavioral change in people regarding healthy sanitation practices
- Generation of awareness among citizens about sanitation and its linkages with public health
- Supporting urban local bodies in designing, executing and operating waste disposal systems
- Facilitating private-sector participation in capital expenditure and operation and maintenance costs for sanitary facilities

Our students were participated in awareness programme for the kuvari workers in reenganathapuram village.

YOGA

Yoga and exercise is a healthy, rejuvenating and a joyful experience! It compiles a series of simple and complex yoga postures and breathing techniques, which help to bring about a balance in the body and mind. The program provides a multi-dimensional routine with includes Yoga postures, Breathing techniques, Yogic knowledge and Meditation, which gives the students a complete take home practice. It is a complete package for beginners as well as regular practitioners and has something for every one of all age groups.

Yoga is physical, mental, and spiritual practices or disciplines that aim to transform body and mind. Depends on the philosophical or theological system with which it is conjugated. Techniques of controlling the body and the mind. Yoga as an analysis of perception and cognition, the rising and expansion of consciousness, a path to omniscience.

The Research Development Programme is provided exclusively for all postgraduate research students and contract research staff and will incorporate workshops and seminars that satisfy the Researcher Development Framework (RDF). The RDF describes a continuum of knowledge, competencies and attributes of researchers as they develop towards becoming highly skilled. It is nationally recognized and encourages researchers to engage in continued personal, professional and career development. The programme continually evolves to meet the needs of our students while supplementing the subject-specific training provided by the Colleges and Specialist Research Institutes within the university.

All of our training falls under the four headings of the RDF:

- A. Knowledge and intellectual abilities
- B. Personal effectiveness
- C. Research governance and organization
- D. Engagement, influence and impact
