BRIDGE COURSE PROGRAMME 2019-2020

Bridge course program has been conducted in our college on 09.09.2019. The chief guest Mr.V.Radhakrishnan Vocational Teacher, Government Higher Secondary School in Chettikulam. He has been given briefly explained about **“Teacher’s are role modal”** Teachers follow students through each pivotal stage of development. At six to eight hours a day, five days a week, you as a teacher are poised to become one of the most influential people in your students’ life. After their parents, children will first learn from you, their elementary school teacher. Then, as a middle school teacher, you will guide students through yet another important transition: adolescence. As children become young adults, learning throughout middle school and into high school, you will answer their questions, listen to their problems and teach them about this new phase of their lives. You not only watch your students grow you help them grow.

Many of them participated in Tamil and English elocution about Dr.Moulana Abul Kalam Azad and his contribution to education. Finally, Mr.M.Senthil, Asst .Professor delivered the vote of thanks.

TECHNOLOGY IN HAND - PREPARATION OF E-CONTENT

eLearning is learning utilizing electronic technologies to access educational curriculum outside of a traditional classroom. In most cases, it refers to a course, program or degree delivered completely online. Teacher-created digital stories may also be used to enhance current lessons within a larger unit, as a way to facilitate discussion about the topics presented a story and as a way of making abstract or conceptual content more understandable. While many educators still lack a cohesive plan for integrating multimedia into their instruction, a growing number of teachers are interested in exploring ways to engage their students by including images, audio and video elements in their instruction. Research has shown that the use of multimedia in teaching helps students retain new information as well as aids in the comprehension of difficult material. And Digital Storytelling can provide educators with a powerful tool to use in their classrooms.

SANITATION AWARENESS - RALLY

Our students teachers has been conduct sanitation awareness rally on 19.12 .2019 at keelakanavai village. ART & GALARY – 27-01-2020

PROJECT PLASTIC-FREECAMPUS

1. Title of the practice:

Plastic Free Campus

2. The context that the required initiation of the practice

Areal education for the students is to make them a good citizen who lives, love and care for the environment, as it is basis for the life. Nowadays, plastics have become major pollutants that affect the entire ecosystem.

In our campus, there was a large-scale littering of plastic articles in the past because of the huge student population. These include plastic bags, cups, chocolate wrappers and plastic sheets. Also, there was no proper waste management system for these kinds of bio-non-degradable material. Hence, the college took the initiative to solve this problem in a phased manner. Also, the campus will indeed look more beautiful and green if this is done.

3. Objectives of the Practice:

- ❖ The primary objective of the program, “Plastic-Free-Campus is to develop plastic-free-campus.
- ❖ It will help the students to become involved citizens who can manage and protect their own environment.
- ❖ It improves the responsibility of the students to build a safe environment.
- ❖ It creates awareness among students about the hazards of plastics.
- ❖ To educate the students about the good ways of managing the disposal of plastic.

4. The Practice:

The hazards of plastic area complex one and it are one that requires cooperation from all the students and staff members of the institute. The usage of plastic articles cannot best appeal together, but there capacity is good ways minimizing their use and managing their disposal in an environment friendly manner.

To tackle this problem, the college has implemented the following practice:

- Plastic items are prohibited inside the campus
- Large number of dustbins is provided at many locations in the campus
- The dustbins installed are cleared regularly by the attendees.

- The canteen staffs were instructed to use paper cups and plates instead of plastic cups and plates.

5. Impact of the practice:

- Plastic goods are not used by our students inside the campus.
- Paper cups and plates are used in canteen.
- Awareness regarding hazards of plastic has been created among students.

6. Resource Required

Faculty member's monitors to enforce the plastic free campus, Resources for the provision of dustbins have been provided by the college.

7. Contact person for the further details:

The Principal,
Dhanalakshmi Srinivasan College of Education,
Perambalur-621212.

HEALTH TIPS FOR TEACHERS – 31.01.2020

LESSONPLAN PRACTICES

Planning ahead helps to reach the goal. This is the first step in any process and education is no exception. In education, the lesson plan serves as a preparation tool that makes the teaching-learning process easy and effective. It tells clearly the objectives to be achieved, the teaching methods, instructional aids and evaluation techniques in the instructional hours. It helps the teachers create a smooth instructional flow and scaffold instruction for learners. So a three day special programme on lesson plan writing was given to the first year student teachers by their respective optional teachers from 29 th January 2020.

PERSONAL COUNSELLING – 13.02-2020

SCIENCE DAY

The Science day has been celebrated on 28.02.2020 in our College. Honorable chief guest **Mr.T. Kaliyamoorthi** arrived from PT assistant G.H.S.S Chettikulam. He delivered a valuable speech about “**Today Science**”. He told widely spread a message about the significance of scientific applications in the daily life of the people, to display all the activities efforts and achievements in the field of science for welfare of human being, to discuss all the issues and implement new technologies for the development of the science and also emphasized on the shortcut method and correlated studies to student-teachers to learn science.

SCIENCE EXPITION – 28-02-2020

Science is a very interesting subject. Science has a great opportunity to create creativity and activeness among the students, but in many schools it is taught by a traditional way and teachers do not try to make it creative and interesting. Here students get a chance to apply or do the practical aspect of the things that they have learned from classroom and adequate space and time for letting the inner talents get a platform to be showcased. All the projects of students are properly judged and evaluated by expert panel and select the best project and those teams are recognised by cash prize.

RALLY FOR THUIMAI BHARATHAM

Our students' teachers had organized for the rally an awareness programme for CLEAN INDIA in pommanabody date on 7.03.2020. Supporting urban local bodies in designing, executing and operating waste disposal systems .Clean village is the need of the hour. Garbage and wastes are serious threats facing the village. It certainly destroys the aesthetic beauty of our village. Furthermore, several diseases can result from it. Many villagers fall ill due to improper waste disposal.

TECHNOLOGY IN HAND PREPARATI

On the path to personalizing learning, technology empowers students by giving them ownership of how they learn, making education relevant to their digital lives and preparing them for their futures. With technology and access to resources beyond classroom walls, students are inspired to become problem-solvers, critical thinkers, collaborators, and creators. Where technology has been successfully integrated into classrooms, students develop a lifelong love of learning. Educators are always striving to personalize learning for students. Technology can help them reach new levels with access to real-time student data, longitudinal information, content, apps, and more. Technology can help educators create blended learning environments and leverage digital tools for formative and summative assessments, bringing new models for learning and teaching to classrooms.

Reading and Reflecting on Texts

The aim of the professional capacity of a student-teacher, specifically reading and writing skills. To enhance the reading ability of student-teachers, we conducted skill development programme on 4.3.2020. To give the development of skills for student-teachers, right at the school level, is very essential to channelise them for proper job opportunities. There should be a balanced growth in all the sectors.

CORONA VIRUS AWARENESS RALLY

Our Student have been organized the “Corona virus awareness rally” and awareness notice distributed to the public in Settikulam village date on 7.03.2020. Our students had explained as regards Corona virus through to public, what are the corona virus symptoms, how is spread and how can control corona virus. Corona virus is a respiratory disease which seems to start with a fever, followed by a dry cough. After a week, it leads to shortness of breath and some patients require hospital treatment. These symptoms do not necessarily mean you have the illness. They are similar to those for much more common viruses, such as colds and flu.

FOOD FESTIVAL

A food festival conducted in dhanalakshmi srinivasan college of education from perambalur. The honorable chief guest on Mr.Agri.Senthilkumar from Organic Modal form Andimadam.Mrs.Radhika Social Worker. Food festival is a estival, usually held annually, that uses food, often produce, as its central theme in Traditional Food. The event was brought up to create awareness of healthy eating habits and the importance of using the traditional farm produce.The people have unfortunately forgotten the traditional food items and the festival brought them to the public.

ORGANIC FOOD AWARENESS PROGRAME

An organic food awareness programe conducted in dhanalakshmi srinivasan college of education from perambalur. The honorable chief guest on Mr.Agri.Senthilkumar from Organised for Organic Modal form Andimadam.Mrs.Radhika from Social Worker.

The valuable speech in Organic provides a “healthy life” to consumers by providing healthy food. it gives assurance that toxic persistent pesticides, synthetic fertilizers or genetically modified organisms are not used in production, and antibiotics or growth hormones are not given livestock.

WOMEN'S DAY – 08-03-2020
